The group decided that the \$500 tuition credit from the school will go into the live auction Friday night.

Jeff Aumend reported that Colleton Prep has decided to let D.A. host the varsity basketball tournament. It will be held Feb. 15-16, featuring seeds 4-7. The gate will be split with participating schools. Volunteers began plans for the tournament. Will meet again to finalize, but everyone had great ideas on how to run the tournament successfully, and make a profit for the Booster Club.

There was no other business, and the Club adjourned to meet again in March.
