Dear Coach,

I would like _____ to transport my
son/daughter _____
home from the game at (school) _____
on date) ____/____/____.

I understand, according to Board policy, that **my child may only be transported by his/her own parent/guardian/grandparent, aunt or uncle.** I also understand the importance of players traveling with their team to the game for pre-game coaching opportunities, timely arrival, team camaraderie, etc. All athletes are encouraged to return with their team, however, occasional circumstances may warrant leaving early with a parent/guardian.

It is understood that a parent/guardian has the responsibility to **turn in this form, before the trip** and also, make contact with the coach, upon release of the team after the game, so the coach knows the player is departing. Under no circumstances, will my child ride with another student as driver on a return trip.
